Occasional updates and important news from our President

Coming soon: A Virtual Hotlanta Square Dance Event.

First, I hope everyone is staying safe and relatively sane during this pandemic. I firmly believe that if we have the right mix of optimism and medically informed sensibilities, we will emerge to a world where it is safe to yellow rock again. And I mean serious yellow rocks.

Speaking of yellow rocks, I know I'm not the only one missing our weekly dancing. So I'm happy to report that the board, callers, and a few club members have been meeting (virtually, of course) to brainstorm on how we can host a virtual social event that includes dancing.

We have just a few small logistics to finalize before sending out all the details. So stay tuned!

Yellow Rocks,
Mark
